Russia and China are well aware that the Zionists are obsessed with their plan to take the world by force.

That obsession has caused the Zionists to lose the capacity to carry out their strategy through Russia and China.

It seems to me that the Russian and Chinese refusal to veto the Security Council's resolution is a dangerous move.

Islamic eschatology provides a clear explanation of the end of the world and the role of the Zionists in its destruction.

Before the clash can take place (in the year 2030), the world will witness the Zionist-controlled NATO conflict in the Middle East.
